Directions from Lusaka

It typically takes just under 4 hours to drive to Lotri from Makeni (depending on traffic / weather conditions). The road is mostly good quality tar all the way to Kariba Stores / Siavonga, but if you are driving all the way to Lotri then the last 45 minutes are along a dirt road, best accessible by off-road vehicles with 4x4 capabilities.

- Take the T2 road South out of Lusaka, following it past Kafue until you are approximately 16km from Chirundu (*GPS Coordinates: -16.028099, 28.694661*)
- Turn right onto the M15 towards Siavonga
- Remain on the M15 for approximately 45km after turning off the T2
- Turn right down the dirt road at Kariba Stores, which has signs to 'Yalelo' and 'Bagande Royal Palace' (*GPS Coordinates: -16.404768, 28.729638*)
- Follow signs to 'Yalelo' (*GPS Coordinates: -16.457495, 28.644614*)
- Once you reach 'Yalelo', follow signs to 'Lotri Bay' (*GPS Coordinates at Main Gate: -16.501390, 28.540514*)

If towing your own boat or not travelling in an off-road vehicle

We do not recommend that guests tow their own boat all the way to Lotri as we do not currently have an easily accessible launch area. Instead we recommend that guests use the launch facilities at Eagle's Rest in Siavonga and travel the last part of the journey by water. Likewise, if you do not have access to an off-road vehicle we offer boat transfers from Eagle's Rest. Please see 'Getting to Lotri Bay by Boat' for detailed information.
